

PRIYA KHANNA

Senior Frontend Engineer | React • TypeScript • Next.js | SaaS & Enterprise Applications | Product-Focused | UI/UX Engineering

Dubai, UAE | 058 545 8966 | priyakh87@gmail.com | linkedin.com/in/priya-khanna-fed | github.com/priyakh87

PROFESSIONAL SUMMARY

Senior Frontend Engineer with 10+ years of experience designing and building scalable React, TypeScript, Angular and Vue applications across SaaS, fintech, HRTech and enterprise platforms. Passionate about transforming product requirements into intuitive, high-performance user experiences through reusable component architecture, modern frontend practices and pixel-perfect UI implementation. Experienced collaborating with Product Managers, Designers and Engineering teams to deliver scalable, user-centric web applications.

TECHNICAL SKILLS

Primary Technologies: React.js | React Query | TypeScript | Next.js | Redux Toolkit | Storybook | i18n | Vue 3 | Angular | JavaScript (ES6+) | GraphQL | REST APIs

UI & Tooling: HTML5 | CSS3 | Sass | Angular Material | PrimeNG | Bootstrap | Git | Jira | BrowserStack | Figma | SQL Server | Stored Procedures | Triggers

CORE COMPETENCIES

SPA Architecture | Product Collaboration | UI/UX Engineering | Component Libraries | UI Style Guides | Accessibility (WCAG, ARIA, Semantic HTML) | Performance Optimization | Code Reviews | Technical Mentorship | Cross-functional Collaboration

KEY ACHIEVEMENTS

- Conducted code reviews for 5+ team members, contributing to a 20% reduction in post-release defects.
- Developed 500+ standardized enterprise UI and form elements.
- Implemented semantic HTML, ARIA roles and attributes, and WCAG-aligned accessibility across ePROMIS, Zendy and Yomly applications.
- Received an Appreciation Award from ePROMIS Solutions in recognition of dedication and contributions to the organization.

LICENSES & CERTIFICATIONS

AI Fundamentals and the Cloud - Amazon Web Services (AWS)

Issued Sep 2025 | Credential ID: FX9QA3LDALH3 | Skills: AI Application Development, AWS Services

Bringing Ideas to Life Using AI - Amazon Web Services (AWS)

Issued Sep 2025 | Credential ID: MGFPJAA8Z6GX | Skills: AI Application Development

PROFESSIONAL EXPERIENCE

Freelance Senior Frontend Developer | Self-employed

Nov 2024 - Present

Dubai, UAE (Remote)

- Architected scalable Angular, Vue.js and React.js applications for diverse client requirements.
- Built reusable component libraries and managed complex application state using Redux and Pinia.
- Converted Figma designs into responsive, pixel-perfect interfaces using Tailwind CSS and Sass.
- Integrated REST APIs and GraphQL to streamline data flow and optimize frontend performance.

INDEPENDENT PROJECTS

Lumen - Appointment Booking Platform

Next.js | React | TypeScript | React Query | Tailwind CSS | REST APIs

Live Demo: <https://bookquickappointments.netlify.app/>

- Developed full-stack appointment booking workflows with REST API integration and asynchronous data handling.
- Built reusable components and responsive, mobile-first interfaces for desktop, tablet and mobile.
- Used AI-assisted workflows to accelerate delivery while maintaining scalable code, performance and accessibility.

Media Agency Website

React 19 | TypeScript | Vite | CSS

Live Demo: <https://priyakh87.github.io/MediaAgency-Website/>

- Built a React 19/Vite media agency website with reusable architecture and responsive layouts for all devices.
- Used AI-assisted workflows to accelerate delivery while keeping the code performant and maintainable.

Senior Frontend Developer | OCTA - AR Automation

Feb 2024 - Oct 2024

Dubai, UAE (Remote)

- Modernized a jQuery application with Vue 3 and Laravel 10, improving maintainability and alignment with industry standards.
- Delivered Vue 3 knowledge sessions and led code reviews for 5+ engineers, contributing to a 20% reduction in post-release defects.
- Executed database migrations and optimized CRUD operations, improving backend performance and data integrity across modules.
- Built a scalable SCSS style guide and improved cross-browser performance through image optimization and redundant-code removal.

Career Break - Full-time Parenting

Apr 2023 - Feb 2024

Took a planned career break for full-time parenting while maintaining frontend skills through self-directed learning.

Senior Frontend Developer | Yomly (previously EmiratesHR)

Dec 2022 - Mar 2023

Dubai, UAE

- Delivered key add-on features for existing applications within a specialized 3-person team, meeting tight project deadlines.
- Developed Angular components integrated with GraphQL and Node.js services, partnering with backend engineering to optimize data flows and API performance.
- Led frontend standards for modular design, semantic HTML, WCAG-aligned accessibility, code structure and scalability.

Frontend Developer | Zendy (Knowledge E)

Jan 2021 - Jul 2022

Dubai, UAE

- Built responsive React.js interfaces with Redux Toolkit actions/reducers and REST APIs for Zendy's academic-content platform.
- Used Storybook for UI component testing and i18n for Arabic/localized experiences; partnered with Design, QA, Backend, Marketing and Product.
- Optimized login flows and rebuilt forms/screens with semantic HTML and ARIA roles/attributes for accessibility.
- Tested fixes and features across real browsers and operating systems with BrowserStack; modernized the Material UI admin Cockpit.

Senior Frontend Developer | ePROMIS Solutions

Aug 2019 - Jan 2021

Dubai, UAE

- Architected the Sass/SCSS foundation by customizing the Fuse Angular 7 Material theme and modularizing reusable partials.
- Created a style guide for 500+ form elements and built responsive dashboards with dynamic chart-type toggling.
- Built Angular 7/PrimeNG modules with tables, calendars, drag-and-drop, date/time pickers and charts; added form ARIA attributes.
- Wrote SQL Server queries, stored procedures and triggers for ASP.NET/C# modules; supported developers and partnered with QA/project managers on requirements and delivery.

Senior Frontend Developer | Wishfin.com

Aug 2016 - Apr 2019

Noida, India

- Built frontend architecture with Angular 6+, jQuery, JavaScript, HTML5, CSS3, Sass and WordPress; created variables, mixins and logged-in/public layouts.
- Led code reviews, estimates and Jira/Redmine delivery; tested releases across browsers, devices and UAT-to-production, mentored juniors and aligned with Business, UX/UI and Backend teams.

EARLIER EXPERIENCE

Interactive Developer | Sapient

Mar 2016 - Jun 2016

Converted PSD designs into responsive, semantic HTML5/CSS3 webpages and provided cross-browser maintenance support.

Frontend Developer | TheSqua.re Serviced Apartments

Feb 2015 - Feb 2016

Transformed mockups into intuitive Bootstrap and jQuery layouts while collaborating with SEO teams on page structure.

Software Developer / Trainer | CPD Technologies

Mar 2012 - Jan 2015

Built ASP.NET/C# web applications with SQL Server, writing queries, stored procedures and triggers while delivering technical training.

Team Coach | Intelenet Global Services Pvt Ltd

Aug 2010 - Jul 2011

Coached team members and supported day-to-day service delivery in a fast-paced operations environment.

EDUCATION

Master of Computer Applications (MCA) - Indira Gandhi National Open University

2010 - 2013

Postgraduate Diploma in Computer Applications (PGDCA) - Indira Gandhi National Open University

2010 - 2012

Bachelor of Computer Applications (BCA) - Guru Gobind Singh Indraprastha University

2006 - 2009

Languages: English (Advanced) | Hindi (Advanced)
